# DL-11

## Promotion-On-Hold MP3 Player

### Features:

- \* Reliable Music-On-Hold Audio Source for PBX and Key System telephones.
- \* Compatible with all Skutch MOH Modules.
- \* Digital based system provides much higher reliability than CD or tape based units.
- \* 200 mW of audio power provides plenty of audio volume. Works with both 8 and 600 ohm audio inputs. Has an RCA output jack.
- \* Internal test speaker allows end user to easily verify that the unit is playing properly.
- \* Has 64 steps of audio volume adjustment to allow for accurate volume adjustment.
- \* Auto play on power up provides excellent recovery from power outages.
- \* Auto repeat play.
- \* Supports all MP3 formats  
Recommended format = 44,100 Hz @ 128kbs
- \* Uses standard USB Flash drive. (USB1.1 or USB2.0)
- \* Multi-Message capability allows user to easily switch between different pre-stored audio productions.
- \* Holds up to 2 hours of audio productions on supplied 128MB USB Flash drive.
- \* Audio updates can easily be emailed to end user for fast and efficient updates.
- \* Wall mountable cabinet allows a neat and tidy installation. Unit supplied with mounting screws.
