## Parts Supplied

1- Instruction Manual

1- FS-60 Spiral LED Yard Art unit

## Introduction

The FS-60 is a great addition to any Christmas outdoor display. It is a LED light display unit that displays various colored light patterns. The light show last 5 minutes 30 seconds and automatically repeats. The unit is 2' tall by 2' wide. It has two D-Rings on the top for easy mounting. It uses 96 APA102 multi-colored LEDs to produce a bright yard art decoration that can easily be seen from long distances. The FS-60 is sure to draw attention to your display.

## Outdoor Use

The FS-60 has been designed for seasonal outdoor use only. This means that we do NOT recommend it to be permanently mounted outdoors. Permanently mounting the FS-50 outdoors will drastically shorten the lifespan of the unit.

## Setup

Choose the location where you wish to setup the FS-60. The unit MUST be setup with the D-Rings facing UP. Failure to do this could result in water damage to the unit during rain. Secure it using the two D-Rings on the top. Plug it in to 120VAC power.
