

- **Installation**

- **Introduction**

The T-21P is an audio coupler that was designed to play audio from an audio source, over a standard single POTS telephone line. It is used for applications such as: Voice Mail prompt recording, or playing pre-recorded messages or audio programs to customers on the phone. The audio source can be any audio device that has a headphone jack with an adjustable volume. It must have enough power to drive a standard stereo headphone set. Low power devices that were designed specifically for battery operation generally do not have enough power to drive the T-21P. Examples of audio sources are: CD Players, Cassette Tape Players, MP3 Players, and Computers with Voice Cards.

- **Operation**

To **PLAY** audio onto the telephone line, start/stop the audio source at the appropriate time. Both you and your customer will be able to hear the message. In order to eliminate any background noise from the office, it is recommended that you use a telephone with a **MUTE** feature.

NOTE: The T-21P will NOT hold the telephone line; this means that you HAVE to stay on the telephone line while you are playing your audio.

- **Recording or Monitoring of Telephone Conversations**

While the T-21P was designed specifically to play audio over the telephone line, it can also be used to record audio from the telephone line. Please note that it is illegal to record, and/or monitor telephone conversations without notifying all parties that they are being recorded and/or monitored. The T-21P will allow recording of telephone conversations even when the telephone that is connected to it, is hung up. Illegal telephone recording and/or monitoring is a criminal offence.

- **Tech Support - 916-786-6186**

If you have any problems getting the unit to work properly feel free to give us a call. Technical Support is available between the hours of 7:30 AM and 4:30 PM Pacific Time, Monday through Friday.

- **ONE YEAR LIMITED WARRANTY**

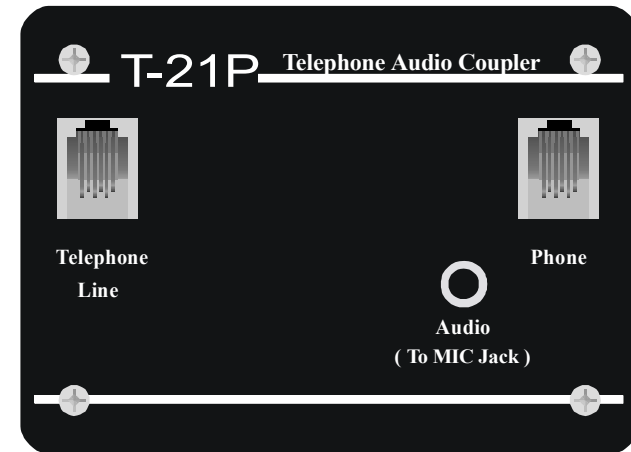

This SKUTCH PRODUCT is warranted against defects for a period of one (1) year from the date of the original invoice. Within this period, we will repair it without charge for parts and labor. To obtain warranty service the product must be returned, at the customer's expense, to SKUTCH Electronics along with a copy of the original invoice. After the unit has been repaired, SKUTCH will ship the PRODUCT back via UPS GROUND service at our expense. If any other form of return shipment is requested, the customer will pay for 100% of the shipping cost.

This Warranty does not apply if in the sole opinion of SKUTCH Electronics, the PRODUCT has been damaged by lightning or any other Acts of God, or by accident, misuse, neglect, or improper packing, shipping, modification or servicing by other than an authorized SKUTCH Service Center.

EXCEPT AS SPECIFICALLY PROVIDED IN THIS AGREEMENT, THERE ARE NO OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND IN NO EVENT SHALL SKUTCH ELECTRONICS BE LIABLE FOR LOSS OF PROFITS OR BENEFITS, INDIRECT, SPECIAL, CONSEQUENTIAL OR OTHER SIMILAR DAMAGES ARISING OUT OF ANY BREACH OF THIS WARRANTY OR OTHERWISE.
